

December 6, 2002

Dear Bushmaster Distributor or Dealer,

The past year has been fast and very trying for our Law Enforcement and Government Agencies.

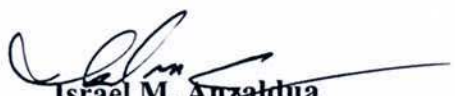

We here at Bushmaster thank you very much for your continued support of our products.

In the coming year, we are holding the price of our product to last year's prices to better help you in winning contracts with Police Departments and Government agencies.

We are averaging around 30 to 45 days on M-16 full auto and short-barreled rifles, less than 30 days on semi-automatic rifles.

We wish you the best in 2003 and Bushmaster is right there to fill your Law Enforcement needs.

Thank you very much,

  
Israel M. Anzaldúa  
Director of Law Enforcement  
& Government Sales

LAW ENFORCEMENT DIVISION  
L. E. PROGRAM 2003**

After September 11<sup>th</sup> 2001, the Law Enforcement community has changed their mentality on the AR-15 or XM15E2S rifle.

The transition from shotgun to semi-auto rifle was in process. Now that transition is increased and drawing more momentum.

Our task is to command as much of the Law Enforcement market pull through and have realistic delivery time frames.

Delivery is the most crucial time for departments. Our delivery on semi-automatic rifles is 30 days and our short barrel and full auto's to include 3 Rd burst guns is 30 to 45 days pending ATF approval. Having this will give you a better response from the distributor, dealer and departments.
